

BUILT TO LAST. JUST LIKE A LEGACY SHOULD BE.

We don't just offer the best in mausoleums, glass-front niches, Columbaria, and bronze accessories. At CMC, we're also building a legacy of quality, craftsmanship and reliability. No matter the size of your project, from a grand private mausoleum to the simplest accessories, you can be sure we'll handle it efficiently, elegantly and cost-effectively. That's our promise to you, your customers, and their loved ones. And it's how we've built our reputation as an industry leader throughout North America.

We understand the importance of quality when it comes to a final resting place. It's more than just a place. It's a mark on history.
