“I love working with CMC.”

They always deliver 110%. And with the marriage of Stewart’s first-rate brand of service, and CMC’s unmatched abilities, it has resulted in what has become an exceptional and continual partnership. Having completed several premier projects, I am so pleased with the design, quality and installation, of what are frankly the industry’s finest Glass Front Niches. CMC’s commitment to service, communication, creativity and quality, is why I choose to deal exclusively with CMC for all my Glass Front Niches.

WHERE QUALITY, CRAFTSMANSHIP AND LEGACIES LIVE ON.

You won’t find a funeral construction design-build company dedicated to higher standards than CMC. While the competition is sacrificing quality to build cheaper, one-size-fits-all solutions, we’re carefully crafting unique, detailed designs that will last for generations. From the intricate detail work of an impeccable Glass Front Niche project to the jaw-dropping beauty of our mausoleums, we know how to create the delicate look and feel of a final resting place. When it comes to making memories last, other companies just don’t compare.
